Subject: We Answer Your Questions About ChatBot

Hi { },

We've received lots of questions about ChatFloBot and how you can maximize it in your Practice...

And improve your marketing strategies.

Here are the answers to your questions...

Q. How will ChatBot help my Practice?

A. By having a 24/7 interactive information center, your patients will learn about the benefits and misconceptions of the Chiropractic profession.

Chatbot can also be connected with the community which produces pre-qualified new patients.

Q. How do I send traffic to my Bot?

A. There are two ways of enrolling people in your Bot. A direct URL and Facebook code.

This information connects into any form of advertising. Traffic is directed to one location making it super easy!

We'll provide you plenty of ideas, video tutorials, and creative systems to fully utilize the program.

Q. Why should I use a ChatBot instead of an App?

A. There are great reasons for using this technology. ChatFloBot is built inside Facebook where customers are already engaged.

An App requires an additional download and sign up.
Consider this...

You're in a chat on Facebook, and you click the share button. Your friend is now communicating in Chatbot!

Or...

They discover your App and are required to download it, then open it. If someone wants others involved, the whole process repeats itself.

Which is easier?

We encourage you to interact with ChatBot to discover how intuitive the program is.
